South East Europe Neurosurgical Society (SeENS)

INTRODUCTION

Dear Colleagues,

We would like to inform You that a South East Europe Neurosurgical Society (SeENS) has been established (www.seens.eu)

SeENS was established by neurosurgeons from Croatia, Serbia, Slovenia and Bosnia and Herzegovina in October 2012. and registered in Zagreb, Croatia in November 2012. as a non-profitable, non-political Society of neurosurgeons that are willing to act *bona fide* in order to achieve better communication and collaboration between neurosurgeons from SE part of Europe.

Upon establishment the invitation to other states of the region (Macedonia, Montenegro, Albania, Kosovo, Bulgaria, Romania, Hungary, Greece, Cyprus and Turkey) was sent with a goal that neurosurgeons from all over the SE part of Europe actively participate in this Society.

After intense meetings, followed by an constitution hall and three executive board meetings, the founding members finally met in Sarajevo. The Sarajevo Executive Committee meeting was organized on 7th June 2013 and this is where the South East Europe Neurosurgical Society took its first breathe as a fully-fledged, regulated and constituted scientific society. Wasting no time, **the Executive committee meeting brought final shape to SeENS's Statute, the internal regulatory bodies and the Presidency have been formed and accepted, the Society's mission and vision have been committed to paper and the Executive committee welcomed in its final roster.**

All the neurosurgeons and neurosurgical Societies not only from SE part of Europe but from the whole Europe are welcome to be members and to actively participate in this regional neurosurgical Society.

The European Association of Neurosurgical Societies (EANS), the Central European Neurosurgical Society (CENS) and World Federation of Neurosurgical Societies (WFNS) have been informed about the establishment of the SeENS. We have to emphasize that SeENS idea and Society have full support from the President of the EANS (Professor Vladimir Benes), President of the CENS (Professor Juraj Steno) and President Elect of the WFNS (Professor Yong-Kwang Tu).

Society have full support from the President of the EANS (Professor Vladimir Benes), President of the CENS (Professor Juraj Steno) and President Elect of the WFNS (Professor Yong-Kwang Tu).

Since the whole concept behind SeENS is the same as the governing principles driving **EANS** (European Association of Neurosurgical Societies) and **WFNS** (World Federation of Neurosurgical Societies), the newly formed **SeENS immediately submitted it's applications for affiliation** within these two world renowned institutions. On both sides the application was met with great approval - the EANS will discuss accepting SeENS as its affiliate member during the next Annual meeting scheduled to be held in Tel Aviv, from 11th - 14th November 2013. The WFNS will announce the date of the proclamation. It was decided that the first SeENS Congress should be organized in Belgrade October 30th–November 2nd 2013.

The SeENS Congress was officially presented to the EANS and it is listed in the official EANS list of 2013. events (www.eans.org/events/).

In the hope of strengthening the SeENS idea and moral values of integrity, teamwork and sharing it was built on, we look forward to receiving your support.

Once again we would like to invite You to the First SeENS Congress in Belgrade October 30th-November 2nd 2013. It would be our great pleasure if You could find time in Your busy schedule and take an active part at the Congress.

Looking forward to our future collaboration.

Sincerely,

Krešimir Rotim
SeENS President

Lukas Rasulić
SeENS Vice-President

Tomislav Sajko
SeENS Secretary

South East Europe Neurosurgical Society - The Founding Editorial

As with all initiatives, the **South East Europe Neurosurgical Society (SeENS)** began as an Idea - an idea thoroughly engulfed in the pillars of knowledge, sharing, support and advancement through borderless collaboration. It is based in the basic human thirst for knowledge and betterment of oneself, as well as his/hers surroundings. In short, SeENS is all about the people it brings together.

Having all this in mind, and given the fact that we come from the Balkans (a rather turbulent area to live and work in, even in the best of times) we rather soon realized the importance of teamwork, support and sharing. For without any one of these three, chances are you won't make it in this place - and this is no understatement.

Since the beginning of my career, I had the luck and privilege to meet many like-minded people that soon became my teachers and, as the years passed us by, have grown into people I fondly call friends. Our mutual friendship is one based on professional interest, similar goals and hunger for knowledge - and, as a team, we slowly but steadily managed to gather all of these. Of course, as the saying goes, the more we've been learning the clearer the lacks and gaps in our knowledge...but it was much easier to point them out to each other and even easier to patch them with the techniques and experience we were missing. And this goes on 'till this day.

So, having all the ingredients needed for the Idea's growth and development, such as clear guidelines, common goals and good professional climate, the SeENS slowly but surely started to surface in the real world. The South East Europe Neurosurgical Society began taking shape, and as it did so, so was our mission clearer to all participating parties...and there is a number of them, as will be outlined in more detail soon.

SeENS - Laying the Foundations

The South East Europe Neurosurgical Society is to become a professional society, a sort of guild, dedicated to the betterment of all things related to Neurosurgery as a whole. The region of its influence, as the name clearly states, is that of South East Europe. The soon-to-be Society has to provide support to all neurosurgeons and help them advance in their craft. By doing so, it does not only influence their individual lives, but the region as well - with more educated, trained and adapted neurosurgeons, faster and more reliable operations, better recovery rates, more success stories are more realistic in obtaining...the possibilities are endless!

It was during two congresses of Croatia's Neurosurgical Society, in 2008 (Dubrovnik) and 2011 (Opatija), that the idea and need for a unified Southeast Europe Neurosurgical Society was made clear. The society, as a governing body, was to unite the whole region and promote the values of the EANS (European Association of Neurosurgical Societies) and WFNS (World Federation of Neurosurgical Societies). At this moment in time did **Prof. dr Krešimir Rotim** (Zagreb, Croatia), **Prof. dr Lukas Rasulić** (Belgrade, Serbia) and **Dr Tomislav Sajko** (Zagreb, Croatia) started debating the possibility of creating the SeENS, as well as what would be needed for this idea to become reality.

Being pragmatic (as all neurosurgeons are), the discussions soon transformed into action – and so their work started taking shape, like a statue emerging under a sculptor's chisel.

The **October 2012** EANS Annual meeting (held from 24 - 27th October 2012 in Bratislava, Slovakia) was an excellent opportunity to further discuss the SeENS idea. And so it was that, during the EANS meeting, did **Prof. dr Krešimir Rotim**, **Prof. dr Lukas Rasulić**, and **Dr Tomislav Sajko** conclude that the SeENS is to be founded. Previously, the founding of SeENS has also been discussed with **Dr Ibrahim Omerhodžić** (Bosnia and Herzegovina), **Prof. dr Marjan Koršič** (Slovenia) and **Prof. dr Aleksandar Čaparovski** (Macedonia) **Dr Novak Lakičević** (Montenegro) – it was that with full approval and support of the mentioned parties, have we proceeded into forging the South East Europe Neurosurgical Society. Given the international nature of the Society, one that is aimed at providing a cross-cultural and multilateral bridge, it was decided, through a unified stance by all above mentioned parties, that the SeENS Founding act will be based on Public International Law. As their next meeting point they have chosen Belgrade.

During their discussions it was decided that SeENS, as a Regional society that is to become a representative of Southeast Europe, is to be registered in Zagreb (Croatia) while the 1st Congress of the Southeast Europe Neurosurgical Society (31st October - 2nd November 2013) is to be held in Belgrade. Belgrade has been given this honor as a tribute to two great landmarks in the history of Serbian Neurosurgery – the celebration of 90 years of Neurosurgery in Serbia (making it one of the oldest Neurosurgical department in the Region), as well as 75 years of the Clinic for Neurosurgery at the Clinical Centre of Serbia.

SeENS Meeting reminder and international participation 2020

Southeast Europe Neurosurgical Society and Joint Meetings

MEETINGS AND CONGRESSES

Bypass 2020 Anniversary symposium

January 8th- 10th, 2020, Zurich, Switzerland

American Society for Peripheral Nerve (ASPN) Annual Meeting 2020

January 10th- 12th, 2020, Fort Lauderdale, Florida, USA

Symposium Neuro-oncology aspects in modern neurosurgery in 21st century

January 31st, 2020, Sarajevo, Bosnia and Herzegovina

NervClub-Meeting & Plexus-meeting

February 6th-8th, 2020, Oldenburg, Germany

8th Neurosurgical Masterclass

"Pediatric Neurosurgery"

February 28th-March 1st, 2020, Cluj-Napoca, Romania

POSTPONED/CANCELED

Neurotrauma Synergy Symposium:

Traumatic Brain Injury in Elderly Population

March 19th-21st, 2020, Opatija, Croatia

8th World Federation of Skull Base Societies Meeting

March 25th-29th, 2020, Rio de Janeiro, Brazil

2020 WANS Meeting

March 27th, 2020, Rio de Janeiro, Brazil

88th AANS Annual Scientific Meeting

"World of Neurosurgery"

April 25th-29th, 2020, Boston, USA

Global Neurosurgery: Ask not for whom the bell tolls

April 30th-May 1st, 2020, New Jersey, USA

15th Congress of the European Federation of Societies for Microsurgery- EFSM Congress

April 28th –May 1st, 2020, Cluj-Napoca, Romania

MASSIN 2020 Interim meeting

May 14th-16th, 2020, Shenzhen, China

24th Congress of the Spanish Society of Neurosurgery SENE

May 19th- 22nd, 2020, Canary Islands, Spain

13th Asian Congress of Neurological Surgeons (ACNS)

May 21st- 24th, 2020, Kazan, Russia

25th 2019 EMN annual meeting

May 24th-27th, 2020, Salzburg, Austria

Nerve Repair and Peripheral Nerve Surgery, from basic to complex procedures

May 28th-30th, 2020, Leon, Spain

2nd Rovigo Live NeuroSurgery Symposium

June 4th-5th, 2020, Rovigo, Italy

Congress of the Hungarian Neurosurgical Society

June 4th-6th, 2020, Debrecen, Hungary

34th Annual Congress of the Hellenic Neurosurgical Society and the 14th Annual Neurosurgery Nurses Meeting

June 4th-7th, 2020, Rhodes, Greece

9th edition of International Neurosurgery Update (INU)

June 6th-7th, 2020, Mumbai, India

12th Days of BHAAAS in B&H

June 19th-21st, 2020, Sarajevo, Bosnia and Herzegovina

71. Jahrestagung (Annual meeting) Deutschen Gesellschaft für Neurochirurgie (DGNC)

June 21st-24th, 2020, Lübeck, Germany

Adrenalin@Repair

June 23rd-25th, 2020, Klagenfurt, Austria

Semi-sitting Position in Neurosurgery - Consensus Meeting for Neurosurgeons and Neuroanesthesiologists

June 26th-27th, 2020, Istanbul, Turkey

III Siberian Neurosurgical Congress

July 14th-17th, 2020, Novosibirsk, Russia

2nd Forum of Neurosciences and Neurology (FNN-2020)

July 16th -18th, 2020, London, UK

ICRAN-NTSI2020

2020 CNS Annual Meeting

September 12-16, 2020, Miami, USA

Global Regenerative Congress /GRC

September 18th-20th, 2020, Dubai, UAE

9th Congress of the Croatian Neurosurgical Society

September 24th-26th, 2020, Vodice, Croatia

46th Congress of the Romanian Society of Neurosurgery

October 4th-7th, 2020, Bucharest, Romania

20th European Congress of Neurosurgery – EANS2020

October 18th-22nd, 2020, Belgrade, Serbia

3rd MANS Congress

October 27th-30th, 2020, Cairo, Egypt

"WFNS International Symposium Pakistan" with 33rd Annual Conference of Pakistan Society of Neurosurgeons

November 5th-8th, 2020, Karachi, Pakistan

8th Spine Symposium

November 7th or 14th, 2020, Zagreb, Croatia

XXXIX Congreso Latinoamericano de Neurocirugía – CLAN

November 14th-19th, 2020, Guayaquil - Ecuador

6th Annual Meeting of Serbian Neurosurgical Society with international participation

November 27th-29th, 2020, Belgrade, Serbia

8th Emirates International Neurosurgical Conference

December 4th-6th, 2020, Dubai, UAE

COURSES AND WORKSHOPS

EANS Training Course “Tumour”

February 2nd-5th, 2020, Sarajevo, Bosnia & Herzegovina

International Basic Neurosurgery Course – IBNC 2020

March 5-8, 2020, Antalya, Turkey

EACCME 2020 Evidence Based CME-CPD and Practical Workshops

March 6-7, 2020, Seville, Spain

EANS Annual Meeting & Research Course of Young Neurosurgeons

March 26 - 28, 2020, Zurich, Switzerland

AOSpine Advanced Course—Spinal Deformities

March 26th -27th, 2020, Sofia, Bulgaria

EANS Training Course “Vascular”

May 10th-13th, 2020, Lake Geneva-Evian, France

5th regional Course of „Diagnostics and treatment of spontaneous intracranial bleeding”

Zagreb School of endovascular and cerebrovascular neurosurgery

May 22nd -23rd, 2020, Opatija, Croatia

3rd SeENS International Neurosurgical Course

“Walking the silk road”

July 9th-11th, 2020, Cluj-Napoca, Romania

Copenhagen Peripheral Nerve Surgery Course 2020

September 11th-13th, 2020, Copenhagen, Denmark

EANS Training Course “Spine”

September 13th-16th, 2020, Iasi, Romania

5th Theoretical & Practical International Course in Peripheral Nerve & Brachial Plexus Surgery

November 20th-22nd, 2020, Rio de Janeiro, Brazil

SNSS 2020 VIRTUAL e(xceptional) Meeting

Serbian Neurosurgical Society 2020

6th Annual meeting SNSS

with international participation

Coronavirus Outbreak COVID-19 & Neurosurgery

November 28th-29th, 2020

Serbian Neurosurgical Society is pleased to announce its First virtual meeting, which will be held on **November 28-29, 2020**, focusing on the general theme **COVID-19 & Neurosurgery**. We are delighted to announce that this Meeting will feature the following:

- Presentations by directors and heads of neurosurgical clinics and departments in Serbia, addressing the impact of virus on everyday practice in their institutions
- A remarkable lineup of internationally renowned guest speakers and representatives of continental neurosurgical associations

Register free of charge.

Don't wait - the number of registrations is limited!

SNSS 2020 VIRTUAL - e(xceptional) Meeting of the Serbian Neurosurgical Society 2020

Dear colleagues and friends,

It is my great pleasure to announce the upcoming **SNSS 2020 VIRTUAL - e(xceptional) Meeting of the Serbian Neurosurgical Society 2020**, which will be held from **November 28th-29th, 2020** in online environment.

Due to the uncertainties and travel restrictions caused by the pandemic and conditions to safely attend the Meeting were not warranted, we have decided to organize the **6th SNSS Annual Meeting** electronically, since the health and safety of all attendees, speakers and staff are of a great importance.

This meeting is not aimed to replace our traditional Annual Meeting but to address the impact of the Coronavirus Outbreak on a neurosurgical community.

Although this pandemic has forced us into a challenging new reality, our aim remained unchanged - to optimize care of neurosurgical patients, as well as to maintain high standards of neurosurgical education.

Therefore, the global theme of the meeting will be **"COVID-19 & Neurosurgery"** and eminent speakers from Serbia, region and continental associations of neurosurgical societies will provide their insights into the impact of the virus on everyday neurosurgical practice and recommendations to the neurosurgical community through the COVID-19 crisis.

I strongly believe that we should stay connected despite the current difficulties and I cordially invite you to join us in November!

Coronavirus Outbreak "COVID-19 & Neurosurgery" ***November 28-29, 2020***

OFFICIAL REPORT

Hosted by the Serbian Neurosurgical Society (SNSS) in conjunction with the Southeast Europe Neurosurgical Society, World Federation of Neurosurgical Societies and Euroepan Association of Neurosurgical Societies, the 6^h Annual Meeting gathered together eminent speakers from Serbia, region and continental associations of neurosurgical societies.

This meeting was not aimed to replace a traditional Annual Meeting but to address the impact of the Coronavirus Outbreak on a neurosurgical community. Therefore, the global theme of the meeting was *"COVID-19 & Neurosurgery"*.

The Meeting in pictures

Since the conditions to safely attend the Meeting were not warranted and the health and safety of all attendees, speakers and staff are of a great importance, the 6th SNSS Annual Meeting was held electronically.

The meeting in numbers

The total of 256 participants from 54 countries from 5 continents, including faculty and participants were attending this Meeting via zoom platform and YouTube livestream.

On November 28th, 2020, 8 presentations by directors and heads of neurosurgical clinics and departments in Serbia, addressing the impact of virus on everyday practice, were held. Prof. Danilo Radulovic and Prof. Miodrag Rakic, Clinical Center of Serbia, Belgrade; Prof. Nebojsa Stojanovic, Clinical Center of Nis; Asst. Prof. Djula Djilvesi, Clinical Center of Vojvodina, Novi Sad; Prof. Goran Pavlicevic, Military Medical Academy, Belgrade; Dr. Miodrag Peulic, Clinical Center of Kragujevac; Dr. Miljan Mihajlovic, Clinical Hospital Center Zemun, and Dr. Moma Jovanovic General Hospital Cuprija, shared with participants experiences in their centers from the beginning of the pandemic. This session was in Serbian language.

During the second day, on November 29th, 2020, a remarkable lineup of internationally renowned guest speakers and representatives of continental neurosurgical associations, within 16 lectures, presented their experiences, and tentative recommendations for dealing with pandemic. This session was in English language.

The Serbian Neurosurgical Society is honored for receiving support from the WFNS President, Prof. Franco Servadei; WFNS Honorary Presidents, Prof. Madjid Samii and Prof. Francesco Tomasello; WFNS 1st Vice – President, Prof. Basant Misra; WFNS 2nd Vice-Presidents, Prof. Kresimir Rotim (Eastern Europe), Prof. Kenan Arnautovic (AANS), and Prof. Nasser El-Ghandour (Middle East), AASNS President, Prof. Wan Tew Seow, FLANC President, Prof. Claudio Yampolsky, EANS President - Elect, Prof. Andreas Demetriades; EANS Board Member & Acta neurochirurgica Editor-in-Chief, Prof. Tiit Mathiesen; WFNS Web and Publication Committee Chairman, Prof. Marco Mario Fontanella; SeENS Vice-President, Prof. Ioan Stefan Florian; SLOVENIAN Neurosurgical Society President, Prof. Roman Bosnjak; The Association of Neurosurgeons in Bosnia and Herzegovina President, Asst. Prof. Ibrahim Omerhodzic, Prof. Tomaz Velnar, University Medical Centre Ljubljana, Slovenia; Prof. Aleksandar Caparoski, Public Health University Clinic for Neurosurgery, Medical faculty University "St. Cyril and Methodius", Skopje, North Macedonia, and Dr. Slavko Djuraskovic, Clinic for Neurosurgery, Clinical Center of Montenegro, Podgorica, Montenegro.

The recordings are available on the youtube channel.

November 28th, 2020 – [Day 1](#) (Session in Serbian)

November 29th, 2020 – [Day 2](#) (Session in English)

They said after the Meeting

"Dear Lukas, dear All, many thanks for this unusual but very educative initiative. Looking forward to a better time. All the best."

Maurizio IACOANGELI, Italy

"Great Virtual Conference...Thanks n Regards to Prof Lukas n all the speakers".

Krishnan YADAV, India

"it was great to see you all and hear your experience. Thank you, Lukas, to unite us again."

Roman BOSNJAK, Slovenia

"Thank you, Lukas and SNSS, and everyone, for a very informative and educational initiative."
Andreas DEMETRIADES, UK

"Thank you very much Lukas for this outstanding effort, stay safe!"
Basant MISRA, India

"First of all thank you for your time for holding a conference in this „new normal“ way, and also sharing and transferring a knowledge about patient treatment during Covid - 19 pandemic. The effort you put in organizing this forum did not go unnoticed. It is my honor to be a part of these lectures."
Momir JOVANOVIC, Serbia

Instead of conclusion

During the Meeting many thought-provoking themes were raised and experiences and ideas were exchanged. The initiative for joint publication that will summarize experiences presented during the Meeting was accepted unanimously.

This meeting was the first of its kind in the history of the Serbian Neurosurgical Society. We are confident that, although exceptional, it was extraordinary as well, thanks to our speakers and their importance in the world of neurosurgery.
